Background

The inspiration to create quilts began with my Great Aunt who was a Mill Girl in Lewiston, Maine. She taught my mother to quilt when she was a young girl, and in turn, my mother taught me as a child. From seamstress work to art quilting, this creative passion has always been a part of my life.

Artist Statement

"I've always felt motivated to create art and to work with my hands, and I look at art as a vehicle of expression beyond words. Working with textiles allows me to push boundaries and create a story that conveys a sense of tactile warmth and character to my work. I want to draw the viewer in and invite them to touch and feel the energy of the piece. I endeavor to add texture, depth and movement to my art quilts, and I like to use color to create drama, interest, and dimension. I quite often apply fibers and embellishments or hand painted elements for extra punch. My goal is to transcend craft and demand equal billing with works shown in an art gallery."

"Seeing the Everyday in an Abstract Way"

This workshop will focus on taking fabric, paint (or any medium) spread on a surface, which the artist then reviews and studies to see the abstract shape that will become the driving idea for the finished art quilt, painting (or drawing). The goal will be to compose an art quilt or artwork using this technique during the session and elicit peer class attendee ideas and input during the process. Students will be astonished and excited by the end result of this technique. Simple step-by-step techniques to create abstract work will also be demonstrated.

Artist Statement

"My passion for oil painting started in 2007 and it became my full time occupation in 2011. I paint mainly in my home studio. Plein air painting at inspiring locations in New England has been my focus, with the final versions completed in my studio using my "precisionist, dreamscape" style."
